## SUPERINTENDENT OF SCHOOLS

Congratulations and best wishes to the Class of 1984. Your years at the Beach High School have provided you with a strong, firm foundation to perform as outstanding citizens in our society. Hopefully, each one of you will dedicate your adult lives to accomplishing your very best on a daily basis. Unselfishly reach out to help other people.

It has been a pleasure to have been associated with the members of the Class of 1984 and I have great expectations for all of you. Our staff has worked diligently to provide you with the necessary tools to function in a democracy. Use the abilities that you have to the fullest. As you continue to mature, draw on the strengths that you have gained during adolescence here.

Thank you for your positive impact on our high school during your years here, and every good wish for success and happiness.

## PRINCIPAL

I have only had a few months to observe the Class of 1984 and have been very impressed already. As a group you have succeeded in academics, sports, service, and activities. Congratulations on your achievements and graduation from high school; you have every reason to be proud.

In recent months the trend has been for people to knock public education and the value of a high school diploma. In many cases the criticism is valid. It is important to me however that you don't confuse the national situation with the quality of the education you have received. You are graduating from a school with a tough curriculum, high standards, a superb faculty, and a solid reputation. It is our job to keep it that way for your successors. It is your job to use what the community has given you so that you can continue to be proud of yourself and make us proud.

## DIRECTOR OF STUDENT SERVICES

Your high school years, I hope, have been filled with significant, meaningful experiences, and the future holds further exciting rites of passage. On entering high school, you were challenged to get involved so that your years here would be interesting and fulfilling. As you leave, accept the same challenge and continue to have rich, full, and useful lives.

## DEDICATION

A teacher affects eternity; he can never tell where his influence stops. Henry Brooks Adams

It is common sense that tells us what is worthy of remembrance in high school, those things that are most precious and everlasting in our memories. To many of us here at Point Pleasant Beach High School some of the strongest memories will be of the people that have become important to us. None will ever be more worthy of remembrance than our English IV teacher, Mr. Gene Ward.

Mr. Ward is many things to many people, a thorough description of all his attributes is impossible. He is a teacher and student of life, a leader and follower, a source of inspiration to all and a source of disappointment to none.

Mr. Ward's appreciation of the need to develop a student's character and confidence in addition to his academic skills enables him to aid in the growth of mature, self-assured capable young adults.

Perhaps Mr. Ward's greatest attributes are his respect for others and his undying devotion to all that he does. Whether he is Mr. Ward the English IV teacher and National Honor Society Advisor or Gene Ward the husband, father and friend, his desire to help and please others is limitless.

For the many hours, days, weeks and years, the joys, sorrows and dreams, and all the tears and smiles you have shared with us, we thank you. To you Mr. Ward we dedicate our precious ever-lingering memories. You will always be one of them.

# WHO ARE YOU WHICH CATEGORY DO YOU FALL INTO?

The image has been around for decades, although the word "Preppy" was first introduced to us by Eric Segal in the heartwarming book "Love Story" in 1970. This year's best seller-list included "The Official Preppy Handbook", a complete guide to dressing and acting preppy without ever attending an Ivy League school or getting one's Topsiders wet at the yacht club. As did many things in the nation this year, fashion got back to basics.

The preppy look is what today's fashion conscious men and

women are wearing; some don't realize it is the look that fashion unconscious men and women have been wearing for years. Somewhat of a rebellion to label-consciousness, Preppies don't need a designer because they already have good taste in clothing. Men and women dress very much alike and clothing for either sex denies specifics of gender. Primary colors and pastels are worn indiscriminately by both sexes. The wearing of pink and kelly green together is the surest way to pick out any true preppy in any crowd.

**Hair.** Short, one length Bobb hairstyle

**Earrings.** Any preppy motif. Usually gold shells

**Perfect Teeth.**

**Watch.** Men's watch on a grosgrain ribbon

A subgroup of Preppies are connoisseurs of New Wave. Some of them simply read the music columns in the So Ho Weekly News on the bus on the way to school for shock value, and some just like to dance to New Wave music. But there are serious Prep-New Wave types who would dye their hair blue and pierce their ear if they weren't on the school wrestling team, and who would spend their weekends in Alphabet City

(Avenues A, B, C, and D) on the Lower East Side of New York City wearing oversized hand-painted T-shirts and red sneakers, prowling through thrift stores searching for thin-labeled jackets and harlequin sunglasses. They know not only all of the clubs, but also the groups, and can tell you everything about how Culture Club or Madonna sounded at their last concert.

## The Class Of "1985"

Two down, two to go! Seems pretty hard to believe, but we've already changed from that punky freshman class to this mature junior class (yeah right!). With each summer becoming progressively better, it was hard to return to the daily school routine again. But we pulled together and had our explosive launch into 11th grade! Football season was great for us. Starting with raising money by selling candy and spirit pins at the games, we lead right into Homecoming. Cindy Szott did a great job as our class representative. Our class learned to work together to seize the trophy for the 1st place float for the second year in a row. And who could forget POWDERPUFF!? But we've got Ariane, so watch our Boro, we'll be back next year! We've had some great memories; lunch at the deli, Christmas tournament, egg fights, living on diet cokes and of course Leigh Hansen as Santa at the Christmas Dance! We have a lot planned for the near future. We intend to "rock ourselves out" at the Rock-a-Thon. We also hope our St. Patty's Day Dance will be a hit. Did we all get dares for the prom!? Next year will be a big responsibility with trying to arrange our lives and choose colleges, but we're sure we'll survive!

# THE CLASS OF "1986"

The class of 1986 has been very active throughout this year. During the football season we were busy selling programs at the home games. Frank Rizzo escorted sophomore class representative for Homecoming Nancy Swanson who was the first runner up behind, senior, Shelly Simon.

Our class also sponsored a Halloween dance which turned out to be a great success. Dina Iavarone, a fellow sophomore, took the prize for the best costume. A special thanks to Mr. Stephen Ahern for all his work.

During the busy holiday season our successful "Candy Gram" sale brought many people closer together.

Our officers, seated below, left to right: Meryl Fox, Vice President; Stephanie Glass, Secretary; Denise Jones, Administrative Advisor; Paul Cancro, President; and Timmy Walsh, Treasurer, have given a great deal of effort towards making the class of 1986 the most dynamic ever.

## CLASS OF "1987"

The Class of 1987 has had a very successful year. Even though we were all a little bit uncertain about the school procedure in the beginning of the year, we managed to pick four class officers, Secretary: Suzanne Millar, President: Becky Johnson, Vice President: John Lewis, Treasurer: Ken Warner. During the Past year we have sold: key chains, jewelry and school sweatshirts. All of these fundraisers really helped out a lot. Without the help of our advisor, Mrs. Shorwell though, we couldn't have been so successful.

The entire Freshman class has had a super year and we are all looking forward to three more great ones at P.P.B.

**Congratulations To  
The Class Of 1984  
Good Luck**

**THE 1984 EBB TIDE  
STAFF**

The 1984 Ebb Tide is finally completed and a word of thanks is necessary to all the contributors.

There are two individuals to whom I would first like to express my gratitude. Miss Boyle, the layout advisor, dedicated hours to the production of the yearbook. With her ideas I was able to change the yearbook from a mere picture book to a complete publication capturing all aspects of school life. She sacrificed her home, Moe, Joe, sis, food, a date with George and her reputation to the cause.

Mr. Irre, the financial advisor, needs special thanks. He was always there to help me out in times of trouble, whether it was for making a deadline or just to give me some emotional support. The production of the yearbook would never have been completed without his expertise in various fields and most important his support, understanding and friendship.

My assistant editor, George Estelle was also very helpful. Even though I didn't always thank him, I appreciated his hours of hard work, typing and running errands. I sincerely thank Jeanmarie Lyons, the Senior Editor, and Diane Sieling, the Activities Editor for their dedication because without their help I seriously wonder if the deadlines would have been met. Kevin Spader, the Sports Editor, added a new dimension to the yearbook with his creativity and wild imagination. Michele McGlynn, the Underclass Editor, Robin Pavlik, the Faculty Editor, Peggy Papp, the Art Editor, and Robert Ryan, the Financial Editor, were all major assets to the yearbook staff. I thank them for their patience when I made them do their layouts all over again and when I needed pages completed on a short notice. Without the untiring effort of all the editors, the yearbook would not have been completed.

I cannot forget to thank Gina Posumato, Steve Menzel, Nancy Luccioni, Michele Dicorcia and everyone else who volunteered countless hours to typing, selling advertisements and developing film. The support of the faculty and administration cannot go unnoticed either. They endowed us with the freedom which I am so thankful for.

I do not think too many people realize the quantity of time the editors, workers and myself have spent on this publication. We even spent hours on weekends and during vacations. Although the book got monotonous at times, I will never regret one second because I know we, as a group combined our talents and produced a book of high quality that holds the memories that are dearest in my heart.
